RYLSTONE PUBLIC SCHOOL

PRINCIPAL: Ms Jodee Burcher

2019 Homework **Opt In**

Dear Parents,

Homework often bridges the gap between home and school. It reinforces work done in school and helps develop skills such as time management and research. Homework helps establish the habits of study, concentration and self-discipline. Homework also is an invaluable tool to give parents the opportunity to monitor and contribute to the progress of their child.

However the Department of Education policy states that *'While there is little conclusive evidence of the learning benefits of homework in infants and primary schools, quality homework in these stages may help students develop effective study habits and broaden their skills across the curriculum.'*

It is with this belief in mind that the staff at Rylstone Public School would like to give you the **OPTION** of your child participating in homework this year, however **home reading each night would be expected.**

If you WOULD LIKE your child to have homework, please return the slip below.

If you DO NOT want your child to receive homework, no response is required.

Jodee Burcher
